The Michigan Chapter of the American College of Physicians, in a combined effort with Wayne State University – DMC Internal Medicine Residency Program, invites you to the annual Associates Day meeting.

This annual meeting allows internal medicine residents and fellows to present scholarly work in both oral and poster presentation format. There will also be the preliminary competition for Doctor’s Dilemma™, as well as a keynote speaker. This meeting provides an opportunity for communication between our different residency programs and a chance for medical students and associates to interact with ACP members. Sponsors exhibit will also be on-site.

All ACP members are encouraged to attend and show support for the Associates.

Don’t delay! Mark your calendar and send in your registration form today. We are sure you will agree that this meeting with our chapter colleagues is a stimulating and informative passport to the future of internal medicine.
